## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### Principal's Message

Bacich Elementary School is one of two schools in the Kentfield School District and serves students in Transitional Kindergarten through Fourth Grade. Bacich inspires and challenges all students to live, learn, and lead to their fullest potential, while also providing a high quality education that empowers every student to reach high, work hard, and be kind.

At Bacich, we believe it is essential to educate the whole child. Social emotional learning and character development are valued and taught alongside academics. We teach the six pillars of character found in our Character Counts Program: Responsibility, Caring, Respect, Citizenship, Trustworthiness and Fairness. Cultivating these characteristics is critical in helping our young students develop the well rounded skills necessary to maximize their potential as model members of our society. We also focus on social emotional learning during TEAM (Together Everyone Achieves More) lessons twice a week. Our school counselor provides monthly guidance lessons to every classroom to teach and reinforce these critical social skills. Our age appropriate social justice curriculum further reinforces our efforts to create an inclusive school community where everyone belongs.

We strive to inspire students to pursue their passions through teaching practices that are student-centered, inquiry based, and provide a culture of innovation where students are motivated and excited to learn. Our dedicated and talented teachers are passionate about providing a learning environment in which our students are challenged and thrive. The teachers' grade level collaboration is unparalleled and produces innovative, robust and engaging instruction for our students. Teachers differentiate instruction to provide students with what they need to be successful and reach their full potential. For students requiring additional support, intervention programs are offered in both reading and mathematics. Additionally, targeted special education supports are provided by highly skilled and qualified education specialists.

Mt. Tamalpais is the backdrop to our beautiful campus. The Bacich campus is welcoming, inclusive, well-maintained and conducive to optimal student learning. Our facilities include a large community center which serves as a gathering place for school wide assemblies, family and community events and physical education classes. Our community center is integral to our goal of creating and maintaining strong family and community connections.

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Anthony G. Bacich Elementary School are aligned to the California Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

In October of 2021, the Kentfield School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #4 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2021-22 school year, Kentfield School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## School Facility Conditions and Planned Improvements

The Kentfield School District takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Anthony G. Bacich Elementary School's original facilities were built in 1958; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In November 2014 Measure D was passed by the community. Construction was completed on a new six-classroom building and administrative space as well as improved parking and classroom modernization in Fall 2019. In August 2022, two existing storage closets were converted to house two student gender neutral bathrooms which are located next to our Transitional Kindergarten class. These bathrooms are also available for use by all of our Bacich students.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Anthony G. Bacich Elementary School.

The day custodian is responsible for:

- Facilities cleaning
- Events setup/cleanup
- Morning crossing guard duty

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed.

The evening custodians are responsible for:

- Classroom cleaning
- General use areas
- Office area cleaning
- Restroom cleaning
- Community Center cleaning

The Principal communicates with custodial staff daily concerning maintenance and school safety issues. The Principal communicates with the Facilities Director regularly concerning maintenance and school safety issues.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	74	N/A	74	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	73	N/A	65	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through Parent Square posts and messages, the school marquee, the school website, teacher newsletters, and the Kentfield weekly electronic newsletter. Parents are strongly encouraged to attend Parent/Teacher Conferences twice a year.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.63	1.08	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

At the Kentfield School District we take the safety and security of every child very seriously. The staff at Bacich Elementary School are trained in CPR and first aid annually. In addition, every fall with the collaboration of the local fire and sheriff departments, we practice an emergency simulation in order to stay current in disaster preparedness. This simulation includes staff and students. We conduct monthly safety drills in order to prepare the children as well as the adults in the event of an emergency such as fire, earthquake, or an intruder on campus. Over the past several years, we have worked closely with our School Resource Officer and other representatives from the Marin County Sheriff Department to devise lockdown plans that will keep our students safe in the event of an emergency or when there is an immediate danger anywhere on our campuses.

Bacich Elementary School complies with all laws, rules, and regulations pertaining to safety standards. The District Safety Committee meets quarterly to review and address compliance. The Comprehensive School Safety Plan includes strategies and programs to address a) child abuse reporting procedures; b) disaster procedures; c) policies regarding actions leading to suspension and/or expulsion; d) procedures to notify teachers of dangerous pupils; e) discrimination and harassment policies; f) school-wide dress code policies; g) procedures for safe ingress and egress of pupils; h) rules and procedures on school discipline; i) hate crime reporting procedures; and j) COVID mitigation strategies. The plan is updated and reviewed annually by the school faculty, School Safety Committee, School Site Council and approved by the Board of Trustees by March 1st each year.

Due to COVID-19, the site also has a Site Specific Safety Protection Plan which is designed to mitigate the virus transmission and guided by Public Health.

## Professional Development

All training and curriculum development activities at Anthony G. Bacich Elementary School revolve around the California Common Core State Standards and the English Language Development Standards as well as Social Emotional Learning and Equity and Inclusion. During the 2019-20, 2020-21 and 2021-22 school years, Bacich School held staff development training devoted to:

- \* Equity and Inclusion
- \* Culturally Responsive Teaching
- \* Social Justice Standards
- \* Literacy Assessment Training
- \* MAP Growth Assessment Training and Data Analysis
- \* Next Generation Science Standards (NGSS)
- \* Differentiated Instruction
- \* Diversity Awareness
- \* English Language Learners - Integrated ELD
- \* Multitiered Systems of Support
- \* Visual and Performing Arts
- \* Social and Emotional Learning
- \* Educational Technology Integration

Decisions concerning the selection of staff development activities are performed by the principal using tools such as teacher input, school assessment results, and state mandates to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Bacich School supports ongoing professional growth throughout the year on weekly early release days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff is provided the opportunity to participate in district-sponsored staff development workshops or training sessions periodically throughout the year.

Anthony G. Bacich Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Classified support staff receive job-related training from site supervisors and district representatives.
